

ZWEIGELT, BLAUBURGER
LE CARROUSEL 2011

The Red Cuvee-Fraction: Jutta Ambrositsch does not call a red wine vineyard her own, yet she likes red wines and with that, those which possess a sovereign character. Nothing seemed more evident than to express this passion in her own line, that is a purposely set contrast to her white wine style...both in taste as well as visually. Always a bit wild, always a bit playful and always in the way Jutta Ambrositsch likes it.

Therefore, the wines from which the three cuvees originate, also very logically from those vintners she appreciates a lot. They are from exceptional personalities, who also find pleasure in the way Jutta Ambrositsch interprets them.
