

## GRUENER VELTLINER MUKENTHAL 2011

A new Gruener Veltliner vineyard included in the assortment of Jutta Ambrositsch: A rocky slope down to the Schreiberbach that separates Grinzing from the Nussberg with its poor soil, old vines, deep roots...The result was somewhat astonishing, since a wine from such a vineyard which was never pressed- showed a full maturity and ripeness in the harvesting sequence with ample rest sweetness; and yet, this wine presents itself, despite all its strength, as enticing and flattering with an aroma of freshly squeezed grapes, of full body and charm, and that, extremely long. A wine that leaves no questions unanswered. Or, perhaps, several.

Acidity: 5,1 g/l
